## Product Name: "Olympian"

**AKA Product #: 500390SS**

### Application:

Conforms to regulations for both long and short course competition for US Swimming, NCAA, FINA, and NFHS by maintaining a maximum height of 29.5" above the surface of the water.

Stainless Steel top non-skid material available in a choice of colors: Black, Gold, Red, Blue, or Granite.

Thermoplastic step available in a choice of colors: Blue, Gold, Orange, Red, Granite, Black, Green, Purple or Burgundy.

Pedestals have a concealed internal channel for clean, tangle-free routing of timing equipment cables.

Lane numbers adhere on both the right and left sides of the pedestal and on the backstroke bar in consecutive order in black or white. Custom colors and logos are available for an additional charge.

Weight: 145.0 lbs.

### Specifications:

The Kiefer "Olympian" starting block (500390SS) shall be all stainless steel construction, using Type 304L stainless steel, either electro-polished or powder-coated.

- ① The block top shall measure 26 1/2" w x 32"d, including two (2) 1" O.D. side rails and be constructed of Type 304L stainless steel, electro-polished or powder-coated.
- ② The block top shall be fixed at a 10 degree angle, (sloping towards the pool) and covered with a non-skid material. Unless otherwise specified a Kiefer deck logo shall be applied.
- ③ The step shall be 12" x 8" molded thermoplastic with a non-slip embedded top surface.
- ④ The backstroke bar shall be 1" O.D. tube x .065" wall, Type 304L stainless steel, electro-polished or powder-coated, (provided with two (2) plastic end caps).
- ⑤ The backstroke bar shall be adjustable, both vertically and laterally, by means of a Type 304L stainless steel bracket.
- ⑥ Each starting block shall be supplied with four (4) Type 304 stainless steel expansion anchors and hardware.

All fasteners and hardware shall be 300 series stainless steel.
